

## INFORMATION AND UPDATES REGARDING COVID-19 HEALTH ISSUE

### **UPDATE 4/8/20, 6:00pm:**

Pursuant to Governor Kemp's extension of the state-wide shelter-in-place order, **WE WILL CONTINUE TO BE CLOSED TO ALL ACTIVITY THROUGH AT LEAST APRIL 30<sup>TH</sup>.**

---

### **UPDATE 4/1/20, 10:00pm:**

Pursuant to Governor Kemp's state-wide shelter-in-place order, WE WILL CONTINUE TO BE CLOSED TO ALL ACTIVITY THROUGH AT LEAST APRIL 13<sup>TH</sup>.

---

### **UPDATE 3/23/20, 10:45pm:**

Pursuant to City Ordinance, WE WILL BE CLOSED TO ALL ACTIVITY, EFFECTIVE IMMEDIATELY, THROUGH AT LEAST APRIL 7<sup>TH</sup>.

More detail about the City of Atlanta order is at <https://www.atlantaga.gov/Home/Components/News/News/13306/672>.

---

### **UPDATE 3/16/20, 5:45pm:**

Pursuant to just-released government guidelines, ALL ADULT LEAGUE AND PICK-UP ACTIVITY IS SUSPENDED, EFFECTIVE IMMEDIATELY, THROUGH AT LEAST MARCH 31<sup>ST</sup>. More details to follow.

### **UPDATE 3/16/20, 9:00am:**

League play will be determined on a week-to-week basis as follows: [Team captains, please poll your teams. If there are any teams who WANT to play, then we will do our best to keep the fields open and accommodate where possible. Otherwise, we of course completely support any player/team decisions toward social distancing and/or self-isolation.](#)

It's too early to know whether the current season will be A) delayed, B) shortened, or C) cancelled altogether – and there may be different solutions for different teams. We will be committed to working with everybody toward a fair and reasonable outcome. We appreciate everyone's continued open lines of communication and support. We look forward to navigating through this together and hopefully seeing everyone on the field again at some point. Thanks!

---

### **UPDATE 3/15/20:**

League teams: [We will be relaxing the guest-player rule in order to help teams manage for any individual rostered players who want or need to self-isolate and therefore temporarily cannot play.](#) We trust that everybody will not take advantage of the rule change but will only use it for its intended purpose which is to allow those teams who want to continue playing to be able to do so with an adequate number of people. Thanks in advance!

Pick-up players: We will not be using the colored pinneys for pick-up during this time. [Please bring your own WHITE and DARK colored shirts to use.](#)

---

### **UPDATE 3/13/20:**

Team captains – another protocol we are adding:

[If any member of your team tests positive for COVID-19 and has been at One-Touch Soccer within the prior 14 days please report that information \(do NOT report their name\) to us so we can take appropriate measures.](#)

Thank you.

---

## UPDATE 3/12/20:

Like all of you, One-Touch Soccer has been monitoring the current COVID-19 situation. While the Georgia Department of Public Health says that the risk of contracting COVID-19 in Georgia remains low, we certainly understand that there are concerns about this rapidly-evolving situation.

At this time, there are no significant changes to our programming at One-Touch Soccer, although we would like to ensure everyone that we are continuously monitoring the situation and will make additional announcements and/or changes to our programming as necessary. Our goal is to be proactive but without inciting any undue fears. As such, we would like to implement, with everyone's cooperation, the following:

- Please refrain from pre-and post-game handshakes between players/referees/coaches
- Please do not share water bottles or other drinks
- Please place your trash in available receptacles
- If you feel sick, please stay home from games

Our goal is to provide a fun and safe environment for all participants and guests at our facility with minimal disruptions. We do not in any way want to make anybody feel compelled to come play if they do not want to, but at the same time we also do not want to prevent anybody from being able to come play if they do. (After all, exercise is good for you as long as the proper precautions are taken.)

Again, this is an unprecedented and very fluid situation so things may change quickly - we will do our best to keep everyone adequately informed. We also welcome feedback from the teams who are part of the One-Touch Soccer community so that we can all navigate this together. Thanks in advance for your cooperation.
